December 10, 2012

Mitchell Comer  
Camdenton High School  
Camdenton, MO

Dear Mitch:

**Thank you! Thank you! Thank you!**

2012's Fall PDH Days rates as "the best one yet" based on participant compliments following the two-day event.

On behalf of our entire PDH Task Force, we appreciate you taking time out of your busy schedules to speak at the Missouri Society of Professional Engineers' 9<sup>th</sup> Annual Fall PDH Days last week in Jefferson City, Missouri. Your presentation was well received and provided valuable information to our members' along with a greater understanding of today's engineering topics.

With your assistance, MSPE was able to provide an outstanding opportunity for our professional engineer members to meet the State of Missouri's continuing competency requirements for licensure renewal. The top-notch presentations over the two-day session have earned us much praise.

Thank you for being a vital link in the success of MSPE's Fall PDH Days programs.

Sincerely,

David C. Howe, P.E., MSPE President

Gary D. Strack, P.E., MSPE Vice President and PDH Task Force Chair

Cherie L. Bishop, MSPE Director of Operations and Fall PDH Days Coordinator
