

Representatives from the HS/LCTC, MS, ORI, OBE and HAW Camdenton 4-H **FIRST** LASER teams visited the new CADV (Citizens Against Domestic Violence) shelter this last week. The team members presented items they purchased through fund raising and donations to equip the shelters new children's play room. The students will be painting and decorating the room this week. All items donated were educational in nature and included math and science games, books, puzzles and a LEGO table made by the HS team members. The team hopes to raise enough funds to also put in a playground later this school year. To find out how you can support the **FIRST** LASER teams contact: Camdenton R-III Afterschool Services at 573-346-9233.
