Re/Max donates to Camdenton R-III FIRST Laser Robotics

Posted Mar 27, 2019 at 4:15 PM

The goal of its members is to make a positive and measurable impact on our community in the Lake of the Ozarks.

RE/MAX Lake of the Ozarks Charitable Foundation recently donated \$500 as a sponsor for the Camdenton R-III FIRST® LASER ROBOTICS teams.

The Camdenton 4-H LASER (Laker Afterschool Science, Engineering, and robotics) FIRST® (For Inspiration & Recognition of Science & Technology) team was founded by head coaches Mr. & Mrs. Comer in late 2009. Funds received go towards materials/supplies, uniforms, competition fees, travel, transportation, and meals for the teams. The RE/MAX Lake of the Ozarks Charitable Foundation is driven by the interest and passion of the members of RE/MAX Lake of the Ozarks. The goal of its members is to make a positive and measurable impact on our community in the Lake of the Ozarks. Each associate has pledged a deduction from every real estate transaction

To submit a grant for consideration, visit www.buyatlakeoftheozarks.com and click on the Charitable Foundation for an application and instructions.

You can also fill out an application in person by visiting any RE/MAX Lake of the Ozarks office located in Osage Beach or the office on East Highway 54 in Camdenton.
